Dear readers ,

Welcome to the 2021 edition of creation,
the official magazine of MSI .

Creation 2021 is not a bunch of pages .
instead is a true representation of talent ,
creativity, innovation and management
abilities among the MSI's student
fraternity, who have invested their efforts
towards shaping themselves and others
around them.

While caged in homes , the students
shifted to online platforms and continued
showcasing their efforts , winning over the
shackles! We hope you feel the same while
turning pages around !

As the Editorial head , I on behalf of my
entire team thank the administration for
relying on us with Creation and providing
their constant support and motivation.

NATRAJ THE DANCE SOCIETY

"The dancing spirit can never be stopped, make sure to make the best out of this situation."

As the name suggests, the dance society of Maharaja Surajmal Institute is all about creativity and dance. The society is headed by president Anjali Rawat and Vice President: Ankush Verma. Being a part of the society, the personal growth of each and every member as a dancer is being majorly focused on. The team members will get the opportunity to learn different dance styles from professional teachers. Equal importance is being given to body strengthening and flexibility which serves as a huge factor in growth as a dancer. Along with this, everyone can learn and brush up on their essential soft skills like Teamwork, Communication, Problem-Solving, Work Ethic, Flexibility/Adaptability and Interpersonal Skills. This helps in the overall personality development of the student. Joining any society be it music, dance or drama has its own advantages & perks.

Dancing is an art and like any other art form it needs constant practice and efforts to master it. Students, being a part of the dance society will have to devote time for training. The team member is required to be regular in day to -day practices and classes being conducted under professional dancers. Every individual gets exposure in terms of learning and practicing different dance styles from well trained and well known dancers/choreographers

During the tough pandemic time the society was actively participating in various upcoming online competitions, in various fests organized in different colleges like BITS PILANI, Mood Indigo, the annual cultural fest of IIT Bombay and others.

Some tasks given to the members include : practicing various drills as taught by the teachers in different dance styles such as Locking, Hip Hop, Waacking, Dancehall, house, making basic combos with different moves and styles learned along the journey. - various activities conducted within the team for their bonding and encouraging healthy competitions among the teammates.

TARK

THE LITERARY SOCIETY

Are you a book person? The age-old classic literary society of Maharaja Surajmal Institute headed by President- Janvi Pahuja and Vice President- Naman Kumar Bahri focuses mainly on Design, Content and Creative Writing, Public Speaking and various book Club activities.

Being a part of Tark brings with its own benefits. The members gets access to the literary resources and mentors for any Literary related fields, Monthly competitions and sessions , exposure to design and content writing,

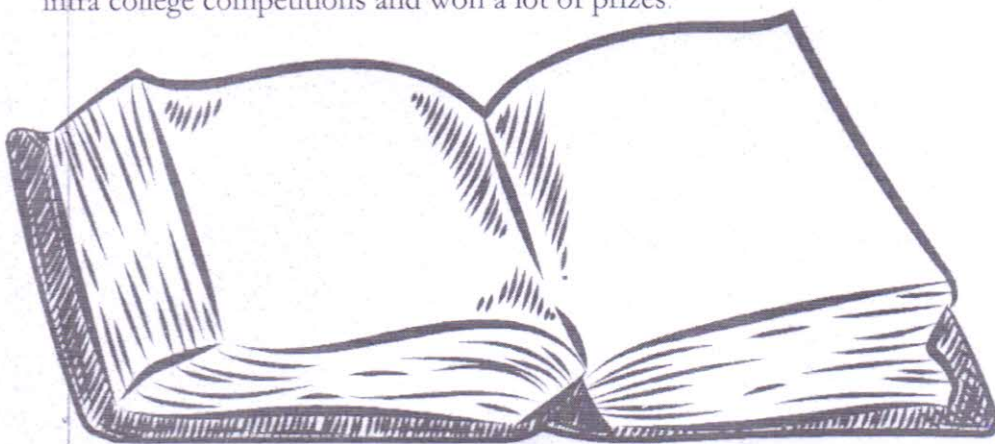

The average time requirement from a student is around 2 hours per week. Tark is very flexible when it comes to academics and timings. We try to hold one session every weekend, so that nobody misses their classes and are able to attend.

Tark aspires to instill, nurture and promote the art of debating, writing and poetry.

We regularly assign prompts to all the members of the society which they can then interpret on their own terms and make a story, poem, article or a write-up about. Additionally, we also encourage all the members to share their writings which we then feature on our social media and blog.

The society and the president work together towards the excellence of each member. A constant reminder for the shared love for literature and public speaking is what drives us - that is the essence that binds everyone together. Moreover, during the pandemic, virtual meetings and informal gaming sessions or friendly discussions shared a sense of community.

In the session 2021-21 Tark had over 150 members. These students then went to inter and intra college competitions and won a lot of prizes.

ENACTUS

enactus

One of the most happening societies of Maharaja Surajmal Institute working under the leadership of President Steve Joy and Vice President Vidisha Singh gives you exposure to six different departments namely Content, Revenue, Operations, Outreach and PR and research.

Working actively in the respective departments, members have respectively gained first-hand experience on how to initiate and work in a startup, developed inculcate skills like communication and interpersonal skills and good leadership and management skills.

The time commitments from each member depends on the number of projects and campaigns. Provided the society is in the middle of the campaign, a minimum of 12 hours is expected out of each member every day.

Enactus is an organisation that is backed by industry giants like coca-cola and KPMG hence any student who participates in

The effort and investment of every member is effectively recognised and praised at equal intervals.

Enactus has been busy with a large-scale campaign on pride month and project Pankhudi. Apart from that they also have two major projects in the pipeline for the coming months.

Even though with a handful of projects the work life balance is given a lot of importance, assignments and tasks vary according to the development they are working in or the project they have chosen to work in.

MSI stands proud with a lot of achievements even after the difficult pandemic situations in the country:

1. Won Daan Utsav competition in 2019 by generating a total sum of 1,66,000rs
2. Participated in Enactus world cup
3. Established project Pankhudi
4. Initiated fundraiser competition for Covid relief in collaboration with umeed NGO
5. Initiated another fundraiser in collaboration with the Hemkund foundation and raised more than 20,000 for the same.
6. Created campaign in support of pride month by the name "Pride and Perfect"

And as they say you don't walk out of the society like you walked in as, you are polished and made ready for the professional world out there.

VITT

THE FINANCE & INVESTMENT CELL

VITT is headed by President: Tarush Bhusri V.P: Tavishi Ubrol. Society is all about finance and investment. Students who want to go into the finance field should join this society. They have some departments under them- Wealth, Content and Research, Social media, Outreach and Events.

The society functions on the mantra that financial literacy is the need of the hour for every individual. Students can benefit out of this by getting access to the knowledge we provide through our events and seminars. Moreover, It is important to be associated with at least one society that helps you grow and transition during the entire college phase. The time a student should give entirely depends on what department you joined the society. Certain departments require more work than others and thus there are no fixed hours. It is entirely dependent on an individual however they do appreciate punctuality and robust work.

The motto of society is to inculcate a sense of financial literacy amongst our audience. they're planning certain events for the upcoming months. Also a major event is in the plans for this academic session.

The tasks are assigned to members based on what department they are a part of.

INNOVISION

THE PHOTOGRAPHY SOCIETY

"Look and think before opening the shutter, The heart and mind are the true lens of a camera"

INNOVISION the Photography and Film Society of Maharaja Surajmal Institute. Innovision is consisted of two words- "INNO" means to innovate and "VISION" means the way to see something. They tend to give us visions through their photographs. It has been a key society and has played a major role since its inception, covering all the major and minor events in both MSI and MSIT. Innovision was started 3 years ago by a bunch of professional photographers who dedicated their soul and heart into photography. Their core team comprise of 2 presidents each from MSIT (Vidhu) and MSI (Vrinda) respectively. Under them they have 2 heads each from MSI and MSIT respectively.

The society is all about learning and growing together they help develop a vision that people might miss out on. They conduct various events and seminars throughout the year. The major outdoor activity that they do is 'PHOTOWALK', a session in which the students travel and explore different parts of the city under the guidance of the heads and seniors and try to capture stories and visuals. Photowalks are great, they help in getting to know each other better, building professional as well as personal bonds and enabling everyone to grow together in this field.

SYNERGY

Under the effective leadership of President Rijul Goyal, Vice President- Kratika Suri and General secretary Manu Agnihotri, the society functions with Content, Outreach, Sponsorships, Design, Events and the Research department.

The society provides a platform for like-minded and motivated students to interact with each other and cultivate a sense of mutual growth and development while working with each other.

The society has multiple departments ranging from content, PR, events to sponsorship. The members of each department learn to become Street smart with the way they carry out each of their tasks, the heads of each department are also responsible for individual growth of each member in the department.

The society also gives an opportunity for the members to reach out to brands and influencers as a public relation representative of Synergy and engage with them for a live session with the Students or provide sponsorships to us. While joining the society there are no risks! The motive of the society is to network and develop skills.

The president of the society highlights three main aspects:

1. Growth of the individual member.
2. The growth of society
3. The team bond and collaborative culture go hand-to-hand.

ADVERTERE

THE MARKETING SOCIETY

"IMAGINE • INNOVATE • IMPLEMENT"

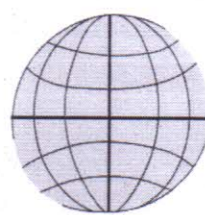

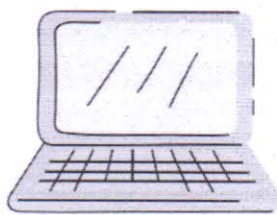

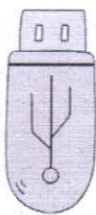

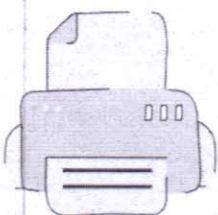

The society that defines Maharaja Surajmal Institutes under the leadership of president Rijul Goyal and Chief Advisors- Akshit Dangi, Shreya Hooda, Mani Kashyap the society has its own world of wonders. Working with different departments namely - Content department, Research and Development department, Business development department, Public relations and external affairs department, Event management department, Podcast department, Design department students get a wholesome experience of theoretical as well as practical knowledge. They can experiment with their learnings which they got from college. Additionally, they get a supportive team that helps them to take their plan into action with their peers and mentors supporting them in the backend. On average, a student has to devote about 1-2 hours daily to the college society to do peer learning and enhance his skills. The time may vary according to the operations or functioning of the department.

Some major achievements of ADVERTERE are:

1. **Indian mobile congress:** Advertere led the marketing and outreach operations for the Indian Mobile Congress (IMC), the largest digital tech event of South Asia and a leading platform for India's start-up and technology ecosystem, for 2 consecutive years.
2. **Mirror magazine:** Mirror is an Advertere initiative that was launched to bring forth a cultural transformation and reflect the brightest facets as well as augment the brand positioning of Maharaja Surajmal Institute.
3. **Briefly:** A subscription-based service delivering short, snappy and crispy news around the world of business and marketing, right at your digital doorstep - your WhatsApp inbox!

ANTRA-ENCORE

THE MUSIC SOCIETY

"Winning doesn't matter, efforts do"

Maharaja Surajmal Institute brings forward the society for all the students who love musical notes. Breaking down the name, Antraencore simply means Antra(Indian), Encore(Western) , and Band. The society provides overall development of musical skills and elimination of stage fright.

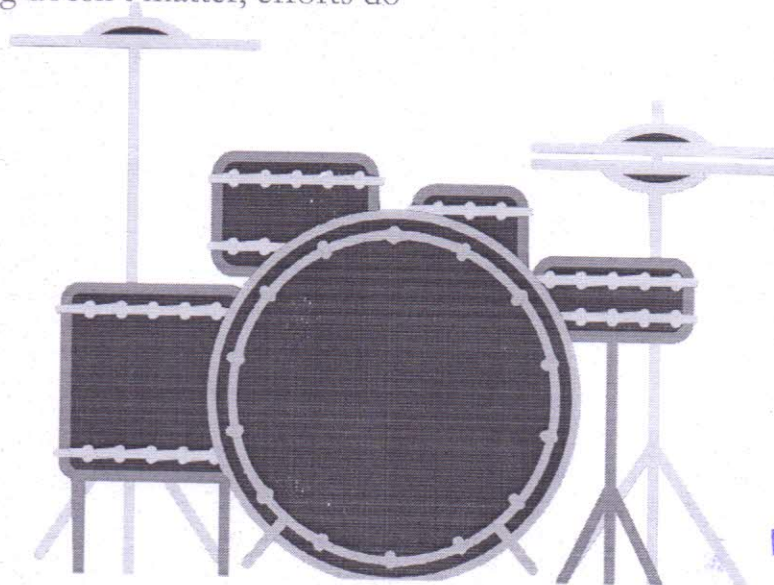

The society does not demand too much time from a student, it completely depends on the level of interest and time a student wants to invest. Equal and enthusiastic participation in every major competition of Delhi remains constant with Antraencore.

College studies are easy to balance out with the activities going on inside Antraencore. The society brings a safe space for all the music enthusiasts.

Over the past academic year Antra Encore has housed the following achievements: Du fests, Aaims-Pulse fest, IIT-Delhi fest, every major competition in Delhi.

The academic year asks for a minimum time investment where members practice and prepare songs for the competitions.

In the year 2020-21, Antraencore had 30+ podium finishes. And the motto stands straight "Winning doesn't matter, efforts do"

GIRL UP UNION

"Let's be change makers together!"

For all the gender equality enthusiasts who believe in equal rights and opportunities for all, Maharaja Surajmal Institute backs one of the finest clubs - Girl Up Union, headed by Ishita Gupta as the Founder and President. The society has been established under the Girl Up campaign, founded by the United Nations Foundation.

It brings forward various departments, such as Research and Development, Marketing and PR, Event Management, Content Writing, Social Media, Content Creators, and Human Resources, to choose from.

The club offers a Girl Up certificate to all, and LinkedIn recommendation to the remarkable performers, on successful completion and for active participation in society.

Students across all streams get to inhibit social working abilities and gain practical knowledge on advocacy, fundraising, organizing and storytelling.

Girl Up Union provides certain exposures to its members such as:

- Acquire practical experience in advocacy, fundraising, organizing and storytelling.
- Hone your skills in a higher level of civic participation and a stronger conviction ability to take action for bringing about good change.
- Inhibit social working abilities while experiencing the working of a non-governmental organization.
- Visit field trips and donation drives.

This society provides a safe and fun space to its members to discuss and work on real-life issues, learn from theoretical knowledge and practical experience, and grow as an individual.

Despite being the youngest society of the college, the society has conducted a few events varying from financial and legal awareness, climate literacy, gender-based violence and mental health, along with group discussion and art competitions and many more are yet to come.

Veda

The Quiz Society of MSI

A mob of intrigued intellectuals, Veda is the 'crème-de-la-crème' of interactive societies where a diverse group of individuals, with a huge armamentarium of niche interests, work towards a common goal, which is to gain more knowledge. Currently led by Co-Convenors Kartikay Tyagi and Lakshit Sharma, we at Veda always strive to learn more and more because that is what quizzing ultimately is - learn new things and apply your knowledge to crack answers. Also prize money, discount coupons and recognition are always a big plus ;)

Our society was established in 2015 by Shubhankar Bahl, Divyanshu Surya Gandhi and Nikhil Kumar Gupta, alumni of this institution, to develop an interest in quizzing among the students and create a platform that fosters an environment for all quizzing enthusiasts to grow and learn. Beginning as a small group of people interested in quizzing, we've grown to become a recognized and successful society whose events are attended and appreciated by quizzers across Delhi.

We're a close-knit community of people who have been brought together by our quest for knowledge and fundas (non-trivial facts). Quizzing is not about "who has a better memory" but rather about "who can best apply their existing knowledge to crack questions". The members of our society bond over their curiosity and their shared passion for quizzing. Even the most fleeting of looks at our whatsapp group will prove this statement. Students are constantly sharing questions relating to their favorite genres and others are busy geeking out on its details. This interaction between the curious, and the intellectuals, allows for a highly intuitive environment which in turn allows for collective growth among society members.

We have regular sessions (min. twice a month) wherein we conduct a quiz and discuss current as well as past events. Based on these quizzes we maintain a League Score Table and reward the student with the highest score at the end of the year. This helps in keeping the members motivated. We also have a WhatsApp group to discuss questions, articles, news, events, and other information.

We have had numerous experiences worth mentioning as we have won a staggering 100+ podiums since the advent of our society. Yet the best one till date is the hat trick we achieved in 2018 of winning a podium at the IPU Anugoonj Annual Quiz Competition. It's really tough to emerge victorious among 120-130 teams and we did it thrice in a row, and that is something we will always savor.

NSS-MSI

National Service Scheme

"The time is always right to do the right thing. - Martin Luther King Jr."

The National Service Scheme (NSS) is a Central Sector Scheme of Government of India, Ministry of Youth Affairs & Sports. It provides opportunity to the student youth of schools, colleges and university level of India to take part in various government led community service activities & programmes. The sole aim of the NSS is to provide hands on experience to young students in delivering community service.

NSS Cell, MSI Janakpuri is an official student regulated body that operates with the unified aim, **"Not me, but you"**. Headed by Head Girl Ayshi Das and Head Boy Prateek Joshi, our vision is to build the youth with the mind and spirit to serve society and work for the social upliftment of the down-trodden masses of our nation as a movement.

Social workers' efforts have the capacity to transform lives at the individual level while also creating a ripple effect at the community-level, to continue a wave of inspiration and motivation for generations. In social care, we work with some of society's most vulnerable people underprivileged children, elders in old age homes, animals that lack proper care, women lacking resources and education, just to name a few. We believe that the core values of social work, including compassionate service to others, fostering dignity for all individuals, social justice, and promoting stronger human relationships are vital for overall growth and self-development of a student and hence instill these principles within our volunteers. Over the span of 2 years, NSS has introduced various Projects to independently focus on multiple initiatives, these are: Project **Avani**, Project **Indriya**, Project **Kara-Kriya**, Project **Nirog**, Project **Sanrakshan**, Project **Sanskriti**, Project **Seva**, Project **Veerangana**, Project **Vridhhi**, and Project **Yuva**. NSS Volunteers can choose to join from any department as per their skills and interests, these are: Events department, Marketing and PR department, Sponsorship department, Content department, Graphic Design and Video Editing department, Social Media department, YouTube and Podcast

department, Tech department, Creativity department, and Research and Development department.

With 10 active projects, an efficient administrative council of 6, a well-populated executive core team of 40+ members, 400+ volunteers, NSS has achieved great accomplishments in the last year. A few of them include-

- **Conducted 30+ engaging online as well as offline events, a few to name are:**
 - NSS Mini Olympics 2021, the first offline sports event of MSI since the pandemic
 - Aatma Rakshan, a self-defense session
 - Secret Santa, an old age home surprise visit
 - Nature Walk, a stroll through nature
 - Write to Unite, a writing competition
 - Raunak, a charity live stream event in collaboration with Octave Music Society
- **Organized 10+ informative and motivational webinars:**
 - Talk-It-Out, A Sex-Ed webinar
 - PR 101, A session on public relations
 - Gaudhan, A webinar of condition of stray cows in India

1. MSI ALUMNI PORTAL: This portal is developed by Megha, Sangeeta Mathur, Shubham Rathore, Sristi (Students of BCA V Sem Sec B), the winner team of Smart India Hackathon 2020 Grand Finale. Alumni of a college generally stay in touch with their immediate friends but find it hard to stay connected with other college mates. Contact between alumni can be used to forge business connections and to gain references or insight in a new field. In the alumni of universities, colleges, schools, fraternities and sororities often form groups with alumni from the same organization. These associations often organize social events, publish newsletters or magazines raise funds for the organization. Alumni Portal provides a variety of benefits and services that help alumni maintain connections to their educational institution and fellow graduates. This portal mainly focuses on alumni and students' interaction. Only admin or staff can add or remove the graduate students as alumni. Currently studying students can interact with the alumni and can ask any query (related to studies or college or placements or career). This portal provides information about alumni's achievements during or after their graduation and also, information about placements. And they will be notified about the events (such as alumni meet) and notices through this portal. Information related to previous years placements' details such as estimated dates of particular placement drive or how many people got placed or question pattern, placement companies' details.

2. Facial Recognition based "Student Attendance – Attentive System" is based on 'Artificial Intelligence Neural Network' over machine learning. It's basically a software that can be used for marking the attendance of the students present in the class as well as noting down the attentiveness of the particular student in the classroom by recording their emotions through reflexes, facial muscles and eyes, which helps in determining the exact emotion of the person and using the same data we can generate a report, which will ultimately help in analyzing the scores of the student by checking his attentiveness during the lectures. This software is developed by Abhishek Verma, Archit Kr. Singh, Jatin Bagga who carried out this project work under supervision of Ms. Rhythm Choudhary.

The main language used is python and whole project is built up over deep machine learning, and since machine learning completely depends upon the training sets, so we can expect better accuracy with time and training. Artificial intelligence is the field with no boundaries, we can train the system. This can also help the employers in formulating a basic report for their employees with some basic modifications. From scratch to working software, carrying out real-world software projects in our academic studies helps us to understand what we have to face in industry. It's a well-balanced software for education work field, it can be used for marking attendance as well as for making sure that student is attentive during lectures or not, this will help the teachers and parents both evaluating the performance of students with the attentiveness report. It was a wonderful experience working on Face Recognition based 'Student Attendance – Attentive System' with enthusiastic and like-minded people wherein we explored a part of Artificial Intelligence, i.e., image processing, facial recognition, artificial neural network, all which relates to our system from capturing images, detecting faces, comparing them with stored database, extracting facial features, recognizing them and generating attendance and attentiveness report of the students.

MAHARAJA SURAJMAL INSTITUTE

The team has learned most of the industrial strategies used for completion of project by keeping accounts of time, quality, and budget. Although, Face recognition is still a challenging problem in the field of computer vision. It has received a great deal of attention over the past years because of its several applications in various domains. Although there is strong research effort in this area, face recognition systems are far from ideal to perform adequately in all situations from real world. Paper presented a brief survey of issues methods and applications in area of face recognition. There is much work to be done in order to realize methods that reflect how humans recognize faces and optimally make use of the temporal evolution of the appearance of the face for recognition.

3. "CSI-MSI STUDENT BRANCH WEB-APP": This web application has been made for the Computer Society of India Student Branch of Maharaja Surajmal Institute. The branch was functioning from last many years but there was not any platform where the members or any other person can find the details of the branch, its history & working, why to be a part of it and various activities being organized by the branch.

So, to solve this problem, Ankit Jee, Lakshmi Maurya and Himanshu Gulia developed a web app that provides information about the branch, its core members, its aim, various events and other information. To develop this web application, the basic structure has been created using the HTML5 and CSS3 along with frameworks like Bootstrap and to add various functionality and to improve the performance, Angular and its components has been used as the primary technology. For storing the database Google Firebase and Google Firestore has been used and to handle the back end of the web app NodeJS has been used.

This website has been developed as a CSI student branch website for our Maharaja Surajmal Institute, to have a centralized area for all the events/conventions or any other news related to CSI that has to be relayed to students or faculty. Individuals can check out and register for upcoming events, read about the Computer Society of India

MAHARAJA SURAJMAL INSTITUTE

and Maharaja Surajmal Institute, read CSI publication magazines, get familiar with the CSI core team, send a message (suggestion, report a mistake, etc.), check out our college's socials, and you can read the benefits CSI has to offer as well, in case you want to join. The UI/UX has been kept simple for ease of access and navigation. You can navigate to the latest event or convention straight from the welcome page. You have the option of moving through all the webpages through the anchors in the header. Every page has the option of applying for CSI and one to get in contact with the college through a message form.

Computer Society of India encourages and assists professionals to maintain integrity and competence of the profession and fosters a sense of partnership amongst members. Besides the activities held at the Chapters and Student Branches, the Society also conducts periodic conferences, seminars. At present it has 72 chapters across India, 512 student branches, and more than 100,000 members. CSI was established on 06th March, 1965 by a few computer professionals and has now grown to be the national body representing computer professionals.

Student Branch at Maharaja Surajmal Institute was established in November, 2019 with the objective of offering a range of services and networking.
